The **Quality Child Care Coalition of Bucks County** has been a part of Pennsylvania's successful grassroots outreach since 2002 building quality early learning.

We support transition work among school districts, early learning programs and families for ALL children.

Building partnerships among organizations and individuals has been a key to our successes, educating community leadership and public officials about the value of quality early education. Engaging county libraries, early education programs, the BCIU, and United Way of Bucks County in providing programs for early educators, children, and families is critical.

There is more to do. QCCC enjoys a diverse and active membership and invites anyone interested in **Broadening and Bettering Early Care & Education in Bucks County for ALL Children** to join us in our work for the coming year.
